

Integrating Your **ATS** with the HireRight Platform

Integrating your ATS with HireRight's background check platform delivers a fast and easy-to-use solution. The result? An improved recruiter and candidate experience throughout the background screening process.

Streamlined Ordering

Request HireRight domestic and international background checks and drug testing right from your ATS. Reduce duplicate entry to boost recruiter efficiency and accuracy helping hire qualified candidates faster.

Real-Time Status Updates

HireRight integrations permit up to date insight on where the candidate is in the background check process, helping to ensure a timely and transparent process.

Improved Candidate Experience

Candidates only enter certain information once for both the job application and the background check. Consent for their background check request and additional data needed can be acquired through HireRight's mobile friendly platform on their preferred device.

Secure and Compliant

Candidate data is securely transmitted in compliance with country specific requirements. Country specific forms, legal content and privacy statements are included.
